

BLACK *Magic*[™] 

Low Absorption Lenses for High Power CO₂ Lasers

- Guaranteed absorption <0.15% - constant throughout the lens lifetime
 - Maximum focus stability
- Toughest coating in the industry. Remarkable Durability
 - Best ability to withstand back spatter
 - Easier to clean and maintain
 - Resistant to humidity
- Recommended and approved by leading OEMs
 - Used for all high powered CO₂ lasers including those over 5KW
- Radioactive free coating
- Excels in cutting aluminum and stainless steel
- Best cost-benefit ratio

Ophir is a Newport Corporation brand.

Established in 1976, Ophir Optonics is a global leader in precision IR optics, laser measurement instrumentation and 3D non-contact measurement equipment.

Our CO₂ Optics Division produces a full range of OEM and replacement optics including beam-delivery and cavity optics as well as windows.

Ophir provides the highest quality CO₂ optics at the best price.

Our commitment to the customer is second to none, with a global distribution and support network.

People and Products You Can Rely On

Ophir's **BLACK** *Magic*[™] lenses are available worldwide.
